

The following are answers to questions Brand USA has received to the RFP for Marketing Communications & Design Support.

Thanks to everyone who submitted questions regarding Brand USA's RFP for translation services. Since many of the questions posed were similar, we have condensed and edited queries. Company names have been removed. If the answer to the question is already in the RFP, or if we were unable to understand a question, we did not provide an answer.

**Q: Are you open to submissions from outside the United States?**

A: We are open to receiving submissions from outside the United States.

**Q: Do you have a budget for the project?**

A: We do have a budget for this project, however we prefer the proposer to submit hourly rates on per-project type basis, as well as hourly rates for team roles. We ask that you submit a budget range to give us a sense of both your capabilities and the costs associated with the project samples listed on page 7 of the RFP.
